## **IT – Morten Skov**

Vi er glade for at kunne meddele, at vi nu kan byde velkommen til vores nye kollega i IT afdelingen; Morten Skov.

Morten er at finde på IT kontoret i B1, og han har allerede haft fornøjelsen af at hilse på flere af jer.

Vi skal dog bede alle om fortsat at huske på, at kontakte Servicedesk, når der er behov for IT assistance. Hvis der er behov for lokal IT assistance, vil Servicedesk videresende henvendelsen til IT i København direkte. Men det er vigtigt at alle henvendelser bliver registreret via Servicedesk.

---

We are happy to announce that we now can welcome our new IT colleague in the IT department; Morten Skov.

Morten is to be found in the IT office in B1, and he has already had the pleasure of meeting some of you.

However, we are still asking you all to remember to contact Servicedesk, when you have the need of IT assistance. If you have the need of local IT assistance, Servicedesk will forward your ticket to IT in Copenhagen directly. But it is important that all tickets are being registered via Servicedesk.

Med venlig hilsen / best regards  
Linda Ravn
