Organisation

Pr. 1. januar 2011 vil Contry Manager funktionerne blive genindført i vores organisation og overtage ansvaret for vores aktiviteter i de respektive lande.

I Norge og Sverige vil Unit Managerne for de største enheder blive udnævnt til Country Manager og jeg er glad for at kunne annoncere at Pål Jullumstrå og Benny Asplund har accepteret disse stillinger.

I Danmark vil vi fortsætte med søgningen efter en ny og permanent Unit Manager for København og jeg er glad for at Per Hansen har accepteret at forlænge sin midlertidige opgave i København og fortsætter med sine store forbedringstiltag indtil en permanent løsning er fundet. Per vil derfor også fortsætte med at varetage det overordnede ansvar for GG Denmark som Country Manager.

Kastrup, 21st January 2011

Organization

As of 1st January 2011 we will re-introduce in our organization the function of Country Manager, taking over responsibility of our Gate Gourmet activities in the respective countries.

In Norway and Sweden the Unit Managers of the major Units will also become the Country Manager. I am happy to announce that Pål Jullumstrø and Benny Asplund have accepted the positions.

In Denmark we are still proceeding with the search for a new and permanent Unit Manager for Copenhagen. We are happy to inform you that Per Hansen has accepted to extend his temporary mission in Copenhagen and to continue the excellent work he has initiated already, until a final solution has been found. As the Unit Manager for Billund and as our interim Unit Manager for Copenhagen, Per will obviously also continue to take global GG Denmark oversight and act as our Country Manager.

Med venlig hilsen / Yours sincerely
